EDUCATION

2023

Bachelor of Science: Software Engineering

Babcock University - Ogun State

- I got into Babcock University in August 2019 and graduated in July 2023 with a second-class upper (2.1).
- Member of the Femme Tech Organization in Babcock.
- I was also given a couple of projects in school where i was assigned the duty of Risk Analyst or Project Secretary. Here, I gained knowledge on process models and knowing which is best for a project.
- At Zoropay Technologies, where I was the frontend intern, we worked with React, and I was given the responsibility of fixing errors on the company

website. I was also working on my school project at the side, which was building a Todo list and Reminder application with react native.

- Professional development completed in Data Analytics.

CERTIFICATIONS

Completed These New Horizons Courses

- Configuring Client Operating Systems.
- Fundamentals of Computer Security.
